Plant February-April or
August-September

\$5.00/pound

\$200.00/50 pounds

White Dutch Clover

Great for use in plant nurseries between rows. Works well as a forage. Small leaves, low growing.

Planting Tips

(Straight) 10-12 pounds/acre
(Mix) 2-6 pounds/acre
Plant January-April or
August-September

\$4.15/pound

\$180.00/50 pounds

Forage Grass Seed

Climax Timothy Seed

Best used for hay, baleage, haylage.

- New seeding: 10-12 pounds/acre
- Overseeding: 1-4 pounds/acre
- Plant March-May/August-September

\$1.75/pound \$62.50/50 pounds

Tuuka Timothy Seed

Recommended for hay, grazing, silage or green chop (direct feeding).

- New seeding: 10-12 pounds/acre
- Overseeding: 1-4 pounds/acre
- Plant March-May/August-September

\$2.40/pound \$95.00/50 pounds

Tekapo Orchardgrass Seed

Tekapo Orchardgrass can be grazed to near ground level.

- New seeding: 15-20 pounds/acre
- Plant April-May/August-October

\$4.20/pound \$190.00/50 pounds

Profit Orchardgrass Seed

Profit Orchardgrass is late-maturing and bred primarily for forage production.

- New seeding: 15-20 pounds/acre
- Plant April-May/August-October

\$4.20/pound \$190.00/50 pounds

Bronson Tall Fescue Seed

Bronson is low endophyte, tough, and has softer leaves.

- 10-15 pounds/acre (mix)
- 15-30 pounds/acre (straight)
- Plant March-May/August-September

\$2.72/pound \$116.00/50 pounds

KY 31 Tall Fescue

K-31 is most often used for erosion control, average landscaping and waterways.

- New seeding: 8 pounds/1000 sq ft
- Overseeding: 4 pounds/1000 sq ft

\$2.00/pound \$92.50/50 pounds

Feast II Italian Rye Seed

Feast II is short-lived, but extremely productive and provides a high quality forage throughout the summer.

- New seeding: 30-45 pounds/acre
- Overseeding: 20-30 pounds/acre
- Plant February-May/August-October

\$1.95/pound \$78.00/50 pounds

Power Tetraploid Perennial Rye Seed

Bred to produce large amounts of high energy forage and is late maturing.

- New seeding: 25-45 pounds/acre
- Overseeding: 3-10 pounds/acre
- Plant February-May/August-October

\$2.50/pound \$107.50/50 pounds

Balin Bluegrass Seed

Quick establishment, early maturing.

- 2-10 pounds/acre (mix)
- 15 pounds/acre (straight)
- Plant March-May/August-September

\$3.90/pound \$176.00/50 pounds

Annual Ryegrass Seed

Prevents erosion and improves soil structure and drainage.

- 10-20 pounds/acre (mix)
- 20-35 pounds/acre (straight)
- Plant February-May/August-October

\$1.25/pound \$50.00/50 pounds
